CHINA WILL KEEP OUT

DOWAGER EMPRESS NEGATIVES APPEAL FROM OFFICIALS TO OPENLY JOIN JAPAN.

CLAIM VIOLATION BY RUSSIA

GENERALS MA AND YUAN SHI KAI ALLEGE SHE OCCUPIED CHINESE TERRITORY.

London, March 26.—The Daily Telegraph prints a dispatch from its correspondent at Shanghai which says that the empress dowager has negatived a proposal made by General Yuan Shi Kai and General Ma that China conclude an open alliance with Japan in view of Russia's repeated violations of Chinese territory west of the Liao river.

Seoul, March 26.—Two detachments of Russian troops, one estimated to number 500 and the other 200 men, are reported to be pillaging the country around Anju. The natives, in fear, are fleeing south.

ISSUED AT VLADIVOSTOK.

Proclamations Regulating Conduct of the People There.

St. Petersburg, March 26.—Proclamations issued by General Voronetz, who is in command at Vladivostok, have been received at St. Petersburg. They urge the people at Vladivostok to remain, but add that only those will be allowed to stay who have 432 pounds of flour and 108 pounds of buckwheat, which quantity is calculated to last eight months. All the Chinese and Koreans who are without occupation have been ordered to depart.

Persons who start untrue and alarming reports will be court-martialed. Looting is strictly prohibited. Persons interfering with the railroad telegraph will be punished with death and the same punishment will be meted out to Chunchuses (Chinese bandits) who are caught stealing.

Vladivostok papers say there is no money in circulation, the banks having closed, and that it is almost impossible to obtain money by telegraph. Business at Vladivostok is slack.

LIAO RIVER NAVIGABLE.

Russians Issue Orders Regulating Shipping at Newchwang.

Newchwang, March 26.—The Liao river became navigable Friday and shipping agents have received notices of the departure of vessels from ports along the entire coast of China for Newchwang.

The Russian military authorities have issued an order regulating shipping at this port. The order provides that all incoming vessels must anchor five and one-half miles below the fort and can proceed into the harbor only between the hours of 6 a. m. and 6 p. m., after undergoing an examination of papers and cargo.

The merchants here are protesting against the order in the hope that ships will be permitted to anchor within two miles of the foreign settlement before submitting to an examination by the authorities. Although further compromising the rights of neutrals, the surveillance of all ships passing by the fortifications is considered by the authorities to be a necessary military precaution.

CZAR IS DISSATISFIED.

Ordnance Department Not Up to the Standard He Desires.

St. Petersburg, March 26.—A report which has been circulated to the effect that General Altvator, assistant chief of ordnance to the Grand Duke Michael, had been banished to a small and remote military post in the Caucasus is not true, but it is true that the emperor is dissatisfied with some of the conditions existing in the ordnance department and that General Altvator has been given a commission to in-

spect certain fortresses. The general is now in Sebastopol and his work here has been turned over to the Grand Duke Sergius Michaelovitch.

According to the best information obtainable, Viceroy Alexieff requested a supply of quick-firing guns in January last, but the request was not promptly filled, owing to General Altvator's remissness.

Two sections of artillery, each consisting of 180 men with horses, guns and ammunition, left St. Petersburg for the far East last night.

RUSSIAN TRAITOR SENTENCED.

Gets Twenty-five Years in Prison for Selling Secrets to Japan.

St. Petersburg, March 26.—Captain Irkoroff of the Manchurian commissariat service, who was arrested on the charge of having sold information in connection with the quartermaster's department to Lieutenant Colonel Askashi, formerly military attaché of the Japanese legation here, has been tried by court-martial and found guilty. He has been sentenced to twenty-five years penal servitude.

It transpires that Captain Irkoroff had the most friendly relations with M. Kurino, the former Japanese minister to Russia, and with other members of the Japanese legation, where the negotiations for the sale of the information by the captain were conducted.

RUSSIA THE AGGRESSOR.

Commenced Acts of War Before Japan Began Hostilities.

London, March 26.—The Times' Tokyo correspondent says that local officials have reported to the Korean government that Russian troops began to cross the Yalu river Feb. 2.

Thus, the correspondent says, it appears that Russia commenced acts of war several days before Japan began hostilities.

BURTON ON THE STAND.

Kansas Senator Testifies in His Own Behalf.

St. Louis, March 26.—Previous to the defense resting its case, late Friday, United States Senator Joseph R. Burton of Kansas took the stand in his own behalf, in connection with the charges of having illegally accepted fees from the Rialto Grain and Securities company of St. Louis. When he had concluded he was excused from the stand without cross-examination by the government.

Senator Burton testified that he had accepted the offer of the Rialto company to act as its general counsel because he had lost heavily in a financial panic and needed the \$500 a month for which his contract called.

"I was assured by the company," he said, "that my services would not be needed in Washington in any capacity. It was explained that Major Dennis, president of the Rialto company, had become involved in trouble growing out of the operations of the Brooks Brokerage company, and that part of my duties would be to defend him in any criminal action that would be brought against him."

"The Rialto company was also to have the use of my name, and my services were to have been used in connection with a securities department of the Rialto company, which at that time was projected. I expected to familiarize myself with the condition of the corporations offering the securities for sale and become acquainted with the officers of the trust companies which make a specialty of handling securities of that character."

FIGHT TO THE BITTER END.

Colorado Coal Miners Vote to Continue Their Strike.

Trinidad, Colo., March 26.—The coal miners' strike in District 15, United Mine Workers of America, consisting of Colorado, New Mexico, Utah and Wyoming, will be continued to the bitter end, according to a unanimous vote Friday of delegates of the several unions in convention assembled here.

The troops have arrested several men and captured 150 rifles and a quantity of dynamite from the strikers at Segredo.

How easy it is for one to suggest a sure way for some one else to manage a troublesome affair!

CORBETT IS DEFEATED

JIMMY BRITT GETS THE DECISION OVER THE STOCKY FIGHTER FROM COLORADO.

CONTEST LASTS THE LIMIT

NEITHER OF THE PUGILISTS SUCCEEDS IN GETTING IN A KNOCKOUT BLOW.

San Francisco, March 26.—James Britt of California was given the decision Friday night over William Rothwell, better known as "Young Corbett" of Colorado, in a twenty-round contest at Woodward's Pavilion.

Up to the seventeenth round Corbett's advantage was apparent, but in that round Britt rallied and rained right and left blows on various portions of Corbett's anatomy, forcing the champion to clinch to save himself.

The styles of the two boxers were entirely distinctive. Britt fought for the body most of the time, while Corbett directed his attack for the head, face and jaw. Britt weighed just 129 pounds, but Corbett's weight was not made public, though it is understood he was at least a pound and a half below the agreed weight, 130 pounds.

Both men fought hard in every round. Britt, in his crouching attitude, was able to guard his stomach effectively, though Corbett was able to land hard on his head and jaw. In the first few rounds Britt found the Denver man's stomach repeatedly, though his blows lacked steam.

Greatest Fight in California.

It was without doubt the greatest fight fought in California. Britt's ability to assimilate punishment and his endurance were simply marvelous. At no time during the twenty rounds did Britt break ground. He always brought the fight to Corbett, who was breaking ground and clinching most

of the time. Britt was heavily punished, yet was at all times willing to take more and finally outgamed the champion.

The pace that both men set made them very tired. However, their condition brought them, after a minute's respite, to the center of the ring with renewed vigor. Britt was better at the outfighting; Corbett superior in the in-fighting. Britt had the best foot work and the greatest speed.

Corbett showed himself the cleverer fighter at times and the heavier hitter.

After the fight Referee Eddie Granney said:

"I simply gave the decision to the man who had the best of the fight."

Every one of the 8,000 seats in the pavilion was taken and thousands were turned away. San Francisco was literally a fight mad.

Corbett was the favorite in the betting at odds of 10 to 6. The gate receipts amounted to about \$40,000.

SETTLERS TO APPEAL

THOSE EVICTED FROM CASS LAKE RESERVATION CARRY THEIR CASE TO WASHINGTON.

Duluth, March 26.—The evicted squatters on Cass Lake Indian reservation lands will at once appeal to President Roosevelt to secure what they term their rights. They are highly incensed because Major Scott, acting Indian agent, ordered their removal from the lands a few days ago, although knowing that he was simply following orders. The lands upon which the squatters settled are not included in any Indian allotments and are outside the provisional boundary established by the forestry bureau. The timber on them was sold Dec. 5 and has just been cut and removed according to the terms of the Morris law. Section 5 of that law says that after the timber is removed the tract shall be classed and treated as agricultural land and opened up to settlement.

Some of the claimants in the disputed territory had purchased small frame dwellings from squatters on the famous Section 16 and moved them to the tract they had selected. Upon the

notification of the Indian agent to vacate they locked their cabin doors and came into Cass Lake to await a settlement of the matter.

Not only will President Roosevelt be appealed to, but the Minnesota delegation in congress, steps to that end being taken Friday.

CONFIRMS OFFICIAL REPORTS.

Refugee From Port Arthur Tells of Recent Bombardment.

Newchwang, March 26.—The Russian official reports of the bombardment of Port Arthur by the Japanese fleet last Tuesday are substantially confirmed by a refugee from Port Arthur, who reports that the Russian gunners profited by the Japanese initiative and returned their fire over the Liatoshin promontory.

The refugee further states that more stringent restrictions on the merchants of Port Arthur are now exercised, rendering entrance to and exit from the city almost impossible.

DAMAGE IS VERY HEAVY.

Severe Storm Devastates Southeastern Wisconsin.

Milwaukee, March 26.—Reports of the severe rain and wind storm in Southeastern Wisconsin indicate a great deal of damage. In Racine county the damage is estimated at \$15,000. In the city of Burlington, west of Racine, the largest smoke stack at the mill house toppled over. At Rochester, the roof of a creamery was carried away, and in the town of Dover half a dozen wind mills were demolished.

Kewanee reports that section flooded and trains tied up. Appleton reports that Peter Verdoet, living near Little Chute, was killed by lightning while crossing a field near his home.

Two Rivers and Manitowoc suffered severe damage.

At Mischoit, fifty families were compelled to abandon homes on account of the flood.

Charles S. Fee Going West.

St. Paul, March 26.—Charles S. Fee, who has been general passenger agent of the Northern Pacific during the past twenty-one years, will leave St. Paul next week for San Francisco, where he will assume his new duties as passenger traffic manager of the Southern Pacific, succeeding E. O. McCormick.

Weather

Forecast—Generally fair and warmer tonight and Sunday.

Temperature (Record kept by Dr. J. L. Camp from 7 a. m. yesterday morning to 7 a. m. this morning)—Maximum 16 above zero; minimum 1 below zero.

It is suggested that those democratic managers who so earnestly advocate Hearst for their presidential candidate do it because "they need the money."

The Minneapolis Journal's frantic effort to create political sentiment in the Sixth congressional district is not meeting with any great amount of success. For some years the people have elected men to congress and the legislature from this district, even against the advice of the Journal's hired men—and they will probably do so again. As an exchange remarks, "Truth and the Minneapolis Journal parted company long ago."

The Pillager Leader says that one who would indorse the proceedings of the late Cass county convention, held at Pillager, would endorse almost anything. Editor Snow was present and evidently knows what he is talking about. He says: "We notice the Cass Lake Times makes mention of the fact that the county convention held here censured Congressman Buckman and so on and that therefore Mr. Buckman cannot carry Cass county against any candidate. Well, we will not discuss that matter with you, but that those resolutions were anything like the sentiments of the voters of Cass county we must deny. If the Times man indorses the proceedings of that convention, we must say that he would indorse almost anything."

Mrs. L. Johnson left her home in Duluth this afternoon after a pleasant visit with her mother, Mrs. William Lawrence.

No word has been heard from Henry Theviot, who went on a visit to Germany, for some time and Mrs. Theviot rather expects him home.

Rev. William Moody will give the last of a series of very interesting lectures at the Y. M. C. A. tomorrow afternoon at 4 o'clock. There will be good music.

White Banner Lodge, I. O. G. T., give their third annual festival in Scandia hall, South East Brainerd, tonight, commencing at 8 o'clock. Adults 25c, children 15c.

C. F. Beugnot, of Little Falls, was in the city this morning, returning home this afternoon. He will return to Brainerd Monday to accept a position in The Dispatch composing room.

Harold Johnson, the five month's old son of Mr. and Mrs. J. B. Johnson, died a day or two ago of whooping cough. The funeral services were held from the family home this afternoon, the Rev. Mr. Grove officiating. Interment was made in Evergreen cemetery.

J. L. Smith, after transacting business in the city for a day or two, left this afternoon for Minneapolis. Mr. and Mrs. Smith have but recently returned from Havana where they spent a part of the winter. Mr. Smith states that he is very much taken up with that country and would not object to living there at all.

T. W. Crawford and family left this afternoon for Tacoma, where they will make their home for a time. Mr. Crawford expects to spend the summer in Brainerd, but will leave eventually for the coast for good. He says that he regrets very much to leave Brainerd as he has been here for 26 years and has virtually been brought up here.

The Ladies Auxiliary of the Machinists' union gave the members of the union a genuine surprise night before last. While the boys were at their meeting the ladies swooped down on them and besieged them with a drayload of good eatables. Of course the boys appreciated this and a pleasant time was spent the rest of the evening.

The 23d annual ball of Hope Hose Co. No. 2, of the Brainerd fire department, will be given at Gardner hall on Monday, April 4th. The ball is in the hands of the following excellent committees, viz. Arrangements—John R. Mutch, S. Hall and E. C. Baker; Reception—A. H. Bennett, Peter Wolvert, C. A. Wilkins and S. C. Weeks; Floor—L. H. Stallman, R. L. Weeks, M. Hansen, R. R. Guthrie and Frank Fuller. Tickets are \$1.

Billy Phyle, the Minneapolis baseball player, who was suspended by the Southern league last fall for making charges that games had been thrown to the Memphis club in order that the latter might win the pennant in the Southern league may be reinstated.

Phyle left for Chicago last night in answer to a telegram from President Strobel, of the Toledo team, and both were to have met this afternoon in the windy city in an attempt to have the suspension lifted.—Minneapolis Journal.

It is suggested that those democratic managers who so earnestly advocate Hearst for their presidential candidate do it because "they need the money."

The Minneapolis Journal's frantic effort to create political sentiment in the Sixth congressional district is not meeting with any great amount of success. For some years the people have elected men to congress and the legislature from this district, even against the advice of the Journal's hired men—and they will probably do so again. As an exchange remarks, "Truth and the Minneapolis Journal parted company long ago."

The Pillager Leader says that one who would indorse the proceedings of the late Cass county convention, held at Pillager, would endorse almost anything. Editor Snow was present and evidently knows what he is talking about. He says: "We notice the Cass Lake Times makes mention of the fact that the county convention held here censured Congressman Buckman and so on and that therefore Mr. Buckman cannot carry Cass county against any candidate. Well, we will not discuss that matter with you, but that those resolutions were anything like the sentiments of the voters of Cass county we must deny. If the Times man indorses the proceedings of that convention, we must say that he would indorse almost anything."

CASE THAT HAS NO PARALLEL

George Bergstrom Lives a Life of Perfidy and Shame and is Out of Reach of Law

KEPT A DEAD BABE FOR MONTHS

Until Arrested at the Instance of County Attorney Crane--Case Continued for a Week.

BRAINERD, March 25, 1904
 YOUR HONOR—
 I, Mr. G. Bergstrom, wish to be excused from this charge as I did not know any better. The other farmers around my neighborhood buried their dead on their land and I was going to do the same after the frost was out of the ground. If it is necessary for me to bring my baby to town and bury it I will do so.

G. BERGSTROM.
 The above is the nucleus about which I gathered some facts which baffle modern intelligence and the case is without parallel in this county, if not in the entire state.

G. Bergstrom lives just without the city limits and he was placed under arrest a few days ago charged with a peculiar offense that of keeping a dead child in his possession several months unburied. It seems that a child was born to Mrs. Bergstrom, still-born, and for months they kept it on the premises. The above communication to Judge Warner is the only explanation offered by this man for the affair.

The case came up late yesterday afternoon for a hearing and it was continued for one week. County Attorney Crane instructed the man to bring the body of the child to the city and have it buried and he has promised to do so, or have some of his friends do it, as he is in jail and is not able to furnish bail.

As the authorities commenced to look into the matter questions arose which seemed to complicate the case more than ever. The offense for which Bergstrom was arrested is punishable by fine of \$100 or 30 days in the county jail or both. According to the county attorney, the last two words, "or both", takes it out of the jurisdiction of the municipal court and if anything is done with Bergstrom, according to the county attorney, the grand jury must investigate his case.

There is another harrowing detail connected with this case, which under the law, according to the county attorney, has no remedy. It seems that Bergstrom and the woman he is living with are not husband and wife, but both are married, the partner of each living in the old country. Under the laws in this state it is necessary for the wife or husband of the guilty party to bring the charge that would effect the twain, but as they live in a far distant land there is no possibility that any such thing will transpire. The result is that the county attorney seems powerless to do anything in the matter.

Notice.
 I will make my office for the collection of accounts in the Gruenhagen building, Seventh street.

ELLIOT IS ECONOMIZING.

Northern Pacific President Shows Tendency by Cutting out Two High Priced Positions.

Since Howard Elliot became president of the Northern Pacific he has shown a vigorous policy of economy. He has instituted many changes and it is expected that others will result from a tour of inspection of the Minnesota and North Dakota lines, begun yesterday with J. M. Hannaford, vice-president; H. J. Horn, general manager; Thomas Cooper, general land commissioner; F. W. Gilbert, general Superintendent. Two high-priced places have been dispensed with. The office of general manager of the Minnesota & International has been combined with that of president's secretary, and the management of the coal properties in two states has been put under control of division superintendents, doing away with the position of general manager of the coal properties of the Northwestern Improvement company.

Another Chat with Contract Holders of the National Home Investment Co. of Duluth.

I am told that the agent regards what I have said as a good advertisement for him. Good. Here is some more. Remember, you pay in all the money, not the company. The contract says, "when cash amounting to \$50 per month continually is available in the Home Fund one contract will be matured and the holder of the contract of LOWEST NUMBER not matured, shall be put in possession of property valued by appraisal at \$1000." If this means anything it means that the company will then buy a \$1000 place on time and pay \$50 per month thereon. If they should buy 1000 places that way, that means \$50,000 per month or \$600,000 per year. Should they fail to pay, what happens? The holder is up in a balloon! But the agent says, "They pay cash." The contract does not say so, but suppose they do, how do you stand? It takes 367 holders to pay \$1000 net into the "Home Fund in one month. Now suppose 357 contracts are sold. In one month No. 1 is put in possession, next month No. 2, next No. 3, and so on. It will take 29 1/2 YEARS to reach the last number. The low numbers are right "in it," but may the Lord have mercy on the souls of tail enders.

THE ENGINEER IS HEARD FROM

City Engineer Woolman Makes Report on Sewer Matter to City Council Last Night

THERE IS NO CAUSE FOR ALARM

Sewer Can Be Taken Care of at Small Cost and Immediate Remedy is Prescribed.

There was a special meeting of the city council last evening, called for the purpose of hearing the report of City Engineer Woolman on the sewer matter, and in view of the recent action of the council the report will be of interest.

Contractor Judd Wright has agreed to clean the sewer out and so this ends the matter. The report of Mr. Woolman is as follows:

"Concerning the accumulation of sand in the general sewer, I have to say that I have made a thorough examination of the entire length of the sewer and find as follows: From the railroad to the Kindred street bridge the same is clean, from the bridge to a point between Ivy and Holly Streets there is a deposit sand having its greatest depth 18 inches about opposite the end of Juniper street. From this point to the septic tank there is very little sand, but a considerable amount of block muck, mostly in the corners of the box. From a short distance below the septic tank to the outlet the sewer is clean.

"There is no question but that the sand in the sewer was washed it from the culvert under the railroad, immediately after completion.

"The probability is that the sewer cannot be depended upon to keep itself clean at all times and under all conditions, even after it has been cleaned. The cheapest method of keeping it clean will have to be learned by experiment, but in no case will the cost be burdensome, if precautions are taken to keep the sand from washing into it, and to that end I would recommend that a curb be built around the upper end of the culvert, of sufficient height to make a settling basin out of the flat ground south of the railroad."

BRUNS, the optician, will be at the National hotel parlors April 27 and 28. Eyes examined free.

MUSIC AND DRAMA.

"BROWN'S IN TOWN."

The attraction at the Brainerd opera house next Wednesday, March 30, is the bright farce, "Brown's in Town." The play is said to be very funny, replete with newest songs and humorous complications. It is the story of a young man of twenty-three, secretly married, who seeks peace and quiet in the country immediately after the marriage to keep the affair from the ears of his father, who does not favor matrimony until he reaches the age of twenty-five. He does not get the peace he seeks because of the arrival of his relations and friends, who complicate the situation to such an extent that it seems almost impossible to ever straighten it out. The names on the company roster show very plainly to those acquainted with the marked value of actors and actresses, that the company will be a good one. It includes Chas. Horn, George Welch, Perry Alexander, Fannie Midgley, Elizabeth Lindell Whipples, Edna Hickey, Coralie Clifford, Frank Millard, Emanuel Ward and others.

Passion Week.

CASE THAT HAS NO PARALLEL

George Bergstrom Lives a Life of
Perfidy and Shame and is
Out of Reach of Law

KEPT A DEAD BABE FOR MONTHS

Until Arrested at the Instance of
County Attorney Crane--Case
Continued for a Week.

BRainerd, March 25, 1904

YOUR HONOR--
I, Mr. G. Bergstrom, wish to be ex-
cused from this charge as I did not
know any better. The other farmers
around my neighborhood buried their
dead on their land and I was going to
do the same after the frost was out of
the ground. If it is necessary for me to
bring my baby to town and bury it I will
do so.

G. BERGSTROM.
The above is the nucleus about which
is gathered some facts which baffle mod-
ern intelligence and the case is without
parallel in this county, if not in the en-
tire state.

G. Bergstrom lives just without the
city limits and he was placed under ar-
rest a few days ago charged with a pecu-
liar offense that of keeping a dead
child in his possession several months
unburied. It seems that a child was
born to Mrs. Bergstrom, still-born, and
for months they kept it on the premises.
The above communication to Judge
Warner is the only explanation offered
by this man for the affair.

The case came up late yesterday af-
ternoon for a hearing and it was contin-
ued for one week. County Attorney
Crane instructed the man to bring the
body of the child to the city and have it
buried and he has promised to do so, or
have some of his friends do it, as he is in
jail and is not able to furnish bail.

As the authorities commenced to look
into the matter questions arose which
seemed to complicate the case more
than ever. The offense for which Berg-
strom was arrested is punishable by fine
of \$100 or 30 days in the county jail or
both. According to the county attor-
ney, the last two words, "or both," takes
it out of the jurisdiction of the munici-
pal court and if anything is done with
Bergstrom, according to the county at-
torney, the grand jury must investigate
his case.

There is another harrowing detail
connected with this case, which under
the law, according to the county attor-
ney, has no remedy. It seems that
Bergstrom and the woman he is living
with are not husband and wife, but
both are married, the partner of each
living in the old country. Under the
law in this state it is necessary for the
wife or husband of the guilty party to
bring the charge that would effect the
twain, but as they live in a far distant
land there is no possibility that any
such thing will transpire. The result
is that the county attorney seems pow-
erless to do anything in the matter.

Notice.

I will make my office for the collec-
tion of accounts in the Gruenhagen
building, Seventh street.

ELLIOT IS ECONOMIZING.

Northern Pacific President Shows Tend-
ency by Cutting out Two High
Priced Positions.

Since Howard Elliot became presi-
dent of the Northern Pacific he has
shown a vigorous policy of economy.
He has instituted many changes and it
is expected that others will result from
a tour of inspection of the Minnesota
and North Dakota lines, begun yester-
day with J. M. Hannaford, vice-pres-
ident; H. J. Horn, general manager;
Thomas Cooper, general land commis-
sioner; F. W. Gilbert, general Superin-
tendent. Two high-priced places have
been dispensed with. The office of gen-
eral manager of the Minnesota & Inter-
national has been combined with that of
president's secretary, and the manage-
ment of the coal properties in two states
has been put under control of division
superintendents, doing away with the
position of general manager of the coal
properties of the Northwestern Im-
provement company.

Another Chat with Contract Holders of
the National Home Investment

Co. of Duluth.

I am told that the agent regards what
I have said as a good advertisement for
him. Good. Here is some more. Re-
member, you pay in all the money, not
the company. The contract says, "when
cash amounting to \$50 per month con-
tinually is available in the Home Fund
one contract will be matured and the
holder of the contract of LOWEST NUM-
BER not matured, shall be put in pos-
session of property valued by appraisal
at \$1000." If this means anything it
means that the company will then buy
a \$1000 place on time and pay \$50 per
month thereon. If they should buy
1000 places that way, that means \$50,
000 per month or \$600,000 per year.
Should they fail to pay, what happens?
The holder is up in a balloon! But the
agent says, "They pay cash." The con-
tract does not say so, but suppose they
do, how do you stand? It takes 367
holders to pay \$1000 net into the "Home
Fund in one month. Now suppose 357
contracts are sold. In one month No. 1
is put in possession, next month No. 2,
next No. 3, and so on. It will take 29 1/4
YEARS to reach the last number. The
low numbers are right "in it," but may
the Lord have mercy on the souls of
tail enders.

THE ENGINEER IS HEARD FROM

City Engineer Woolman Makes
Report on Sewer Matter to
City Council Last Night

THERE IS NO CAUSE FOR ALARM

Sewer Can Be Taken Care of at
Small Cost and Immediate
Remedy is Prescribed.

There was a special meeting of the
city council last evening, called for the
purpose of hearing the report of City
Engineer Woolman on the sewer matter,
and in view of the recent action of the
council the report will be of interest.

Contractor Judd Wright has agreed
to clean the sewer out and so this ends
the matter. The report of Mr. Woolman
is as follows:

"Concerning the accumulation of sand
in the general sewer, I have to say that
I have made a thorough examination of
the entire length of the sewer and find
as follows: From the railroad to the
Kindred street bridge the same is clean,
from the bridge to a point between Ivy
and Holly Streets there is a deposit
sand having its greatest depth 18 inches
about opposite the the end of Juniper
street. From this point to the septic
tank there is very little sand, but a con-
siderable amount of block muck, mostly
in the corners of the box. From a short
distance below the septic tank to the
outlet the sewer is clean.

"There is no question but that the
sand in the sewer was washed it from
the culvert under the railroad, immedi-
ately after completion.

"The probability is that the sewer
cannot be depended upon to keep itself
clean at all times and under all con-
ditions, even after it has been cleaned.
The cheapest method of keeping it clean
will have to be learned by experiment,
but in no case will the cost be burden-
some, if precautions are taken to keep
the sand from washing into it, and to
that end I would recommend that a
curb be built around the upper end of
the culvert, of sufficient height to make
a settling basin out of the flat ground
south of the railroad."

BRUNS, the optician,
will be at the National
hotel parlors April 27
and 28. Eyes examined
free.

MUSIC AND DRAMA.

"BROWN'S IN TOWN."

The attraction at the Brainerd opera
house next Wednesday, March 30, is the
bright farce, "Brown's in Town." The
play is said to be very funny, replete with
newest songs and humorous complica-
tions. It is the story of a young man of
twenty-three, secretly married, who
seeks peace and quiet in the country
immediately after the marriage to keep
the affair from the ears of his father,
who does not favor matrimony until he
reaches the age of twenty-five. He does
not get the peace he seeks because of
the arrival of his relations and friends,
who complicate the situation to such an
extent that it seems almost impossible
to ever straighten it out. The names on
the company roster show very plainly to
those acquainted with the marked value
of actors and actresses, that the com-
pany will be a good one. It includes
Chas. Horn, George Welch, Perry Alex-
ander, Fannie Midgley, Elizabeth Lin-
dell Whipp, Edna Hicky, Coralie Clif-
ton, Frank Millard, Emanuel Ward and
others.

Passion Week.

FIVE NEGROES KILLED

TAKEN FROM THEIR CAPTORS
BY AN ARKANSAS MOB AND
SHOT TO DEATH.

RESULT OF TRIVIAL QUARREL

NINE COLORED MEN SLAIN IN
RACE WAR AND TWO MORE
MAY BE LYNCHED.

Little Rock, Ark., March 26.—A special from Dewitt, Arkansas county, says:

Five negroes, who had been arrested as a result of the race trouble at St. Charles, this county, were taken from the guards Friday night by a crowd of men and shot to death.

The victims were: Jim Smith, Charley Smith, Mac Baldwin, Abe Bailey and Garrett Flood.

This makes nine negroes that have been killed within the past week in the vicinity of St. Charles on account of racial troubles.

A few days ago a quarrel began over a trivial matter at St. Charles between a white man named Searcy and two negroes named Henry and Walker Griffin.

On Monday last the two negroes met Searcy and his brother in a store in St. Charles and the quarrel was renewed. One of the negroes struck both of the Searcy brothers over the head with a table leg, rendering them unconscious and fracturing their skulls. Deputy Sheriff Kirkpatrick attempted to arrest the negro and was knocked down.

The negroes then gathered and defied the officers, declaring that "no white man could arrest them."

Citizens Were Terrorized.

Their demonstrations aroused the fears of the citizens of St. Charles and they telephoned to this place to come out and protect the town. Deputy Sheriff Douglas went out with five men Wednesday morning. Constable L. C. McNeeley went forward with a posse of several men to capture the Griffin negroes. The constable met three negroes—Randall Flood, Will Baldwin and Will Madison, in the road. The negroes attempted to draw their pistols, but the posse fired, killing all three of them.

Thursday sixteen men left this place for the scene of the trouble. Large crowds gathered in from Roe, Ethel and Clarendon. While the sheriff's posse was searching for the Griffin negroes they were fired upon from ambush by a negro named Aaron Sinton. Three of the posse were hit and slightly wounded. The negro was shot dead.

Five other negroes, Jim Smith, Charles Smith, Mack Baldwin, Abe Bailey and Garrett Flood, the negroes that had defied the officers, were arrested and a crowd of men took them away from the guards and shot them to death.

It is reported that the Griffin boys have been captured. If so it probably means that two more negroes will be killed. Everything at St. Charles is quiet, but the town is heavily guarded.

POSTOFFICE BILL PASSED.

Paragraph Affecting Rural Letter Carriers Inserted by House.

Washington, March 26.—The house Friday passed the postoffice appropriation bill after a prolonged debate on the paragraph affecting rural letter carriers, which Thursday was stricken out, but Friday was inserted with enthusiasm under a special order of the committee on rules. Several amendments and a substitute offered to this paragraph were voted down.

Mr. Moon made an unsuccessful attempt to recommit the bill with instructions to strike out the appropriations for special facilities over trunk lines, south of Washington and west of Kansas City.

The bill has been under discussion since March 7. At times members vigorously assailed the postoffice department and General Bristow, and demands were made for an investigation into the entire postal service, but Chairman Overstreet, who has borne the brunt of the attacks, stood as a barrier to such action.

A partial agreement on the army appropriation bill will be reported today by the conference committees.

ON AMENDED SHIPPING BILL.

Congressman Stevens Files a Favorable Report.

Washington, March 26.—Representative Stevens of Minnesota Friday filed the favorable report authorized by the house committee on merchant marine and fisheries on an amended senate bill "to require the employment of vessels of the United States for public purposes." The bill requires all government supplies transported by sea to be carried in vessels either owned by the government or flying the American flag. The report bases the necessity for the bill on the ground that it never is safe to depend upon foreigners for the defense of our own country.

Representative Lucking submitted a minority report.

WISCONSIN WINS THE SUIT.

Circuit Court Decides Insurance Case in Favor of the State.

Madison, Wis., March 26.—Before Judge Dinwiddie in the circuit court Friday the case of the state insurance commissioner against the Equitable life insurance society of the United States was decided in favor of the state. The case is the celebrated one in which the state sought to compel the insurance companies to distribute about \$300,000,000 of surplus funds among policyholders in Wisconsin. The case will be appealed. The court held the contention that the statutes became permissive after failure of the commissioner to enforce them is not sufficient.

DAMAGE VERY GREAT

FLOODS IN MICHIGAN CAUSE A
PROPERTY LOSS OF OVER A
MILLION DOLLARS.

Detroit, March 26.—Conservative estimates of the damage caused by the flooded rivers and creeks of Lower Michigan during the past twenty-four hours place the property loss at more than \$1,000,000. At Lansing alone the figures are placed at \$100,000. Two lives have been lost, those of an unknown Armenian who was standing on a bridge at Lansing when it collapsed and was washed away, and a boy who was drowned in a flooded street at Owosso. Reports from many places tell of a steady downpour of rain, with no sign of a let up.

All trains were abandoned Friday on the Michigan Central railway between Jackson and Saginaw; between Jackson and Niles; between Battle Creek and Wheatfield; between Jackson and Grand Rapids. Officials of the road state that with one or two exceptions there have been no washouts and that traffic will be resumed as soon as the waters subside.

From Kalamazoo comes the report that every bridge for fifty miles along the Kalamazoo river has been swept away. In Kalamazoo 3,000 people have been thrown out of work. Houses in that city have been swept from their foundations and portions of the tracks of the Lake Shore, Michigan Traction and Kalamazoo and Saginaw Railway companies have been washed away.

Many Residences Flooded.

At Lansing many manufacturing plants that escaped the flood were compelled to shut down by the breaking of the feed water connecting them with the Platt Power plant. About 250 residences at Lansing have been flooded and the Kalamazoo and Log street bridges have gone out. Five bridges were lost by the flood at Lansing Friday and it is estimated the damage will aggregate \$200,000. At Owosso water is five inches in the roundhouses, where it was never known to reach before.

At Saginaw the river is open, but filled with floating ice. A new 200 foot bridge has gone out and other bridges were saved by the use of dynamite. At Flint twenty stores on the main street were flooded. The S. W. S. store there is 1,000 feet wide and the loss at Flint will be heavy.

The flood situation in Western Michigan is the worst in fifteen years. Grand river is rising by leaps and the valley it drains resembles in many localities large lakes, while at other points the swollen stream is quite two miles wide. All the large nearby towns along it are practically under water, while in Grand Rapids the water gauge at the dam at 9:30 o'clock last night showed it three feet above the danger line, the water standing at 26.5 feet. This is a rise of five feet in forty-eight hours. Over fifty manufacturing firms along the canals and rivers and in close proximity are flooded and forced to shut down and 6,000 men are out of employment.

Several cities in Indiana and Illinois are also inundated.

Krause Jury Disagrees.

Worthington, Minn., March 26.—The jury after being out for nearly forty-eight hours Friday returned a verdict of disagreement in the case of Mrs. Tomke Krause, who was indicted the latter part of February for the alleged murder of her husband, Anthony Krause, Jan. 7, in the village of Adrian.

Resigns From Dawes Commission.

Washington, March 26.—The resignation of C. R. Breckenridge of Arkansas from the Dawes commission, has been received here. It is said T. B. Needles, another member of the commission, has decided to resign before the end of the present month.

HANSBROUGH AND DUBOIS.

Oppose Move to Repeal Desert Land Law and the Timber Law.

Washington, March 26.—Senator Hansbrough charged in the senate Friday that the movement to secure the repeal of the desert land law, the timber and stone law and the commutation clause of the homestead act were due to the efforts of a lobby composed mainly of those holders who bought in large tracts from railway companies, and who desire thereby to increase the demand for their property.

Senator Dubois intimated that the pressure for repeal was due to large holdings of forestry lands by the railway companies. Senator Gibson Thursday advocated the repeal of the laws in question. Senators Hansbrough and Dubois contended that the repeal would be unwise. Senator Newlands favored modifications of the law.

The bill making appropriations for the support of the District of Columbia was considered for several hours, but without completing it the senate took up the private pension calendar, passing a large number of bills.

FIVE NEGROES KILLED

TAKEN FROM THEIR CAPTORS BY AN ARKANSAS MOB AND SHOT TO DEATH.

RESULT OF TRIVIAL QUARREL

NINE COLORED MEN SLAIN IN RACE WAR AND TWO MORE MAY BE LYNCHED.

Little Rock, Ark., March 26.—A special from Dewitt, Arkansas county, says:

Five negroes, who had been arrested as a result of the race trouble at St. Charles, this county, were taken from the guards Friday night by a crowd of men and shot to death.

The victims were: Jim Smith, Charles Smith, Mac Baldwin, Abe Bailey and Garrett Flood.

This makes nine negroes that have been killed within the past week in the vicinity of St. Charles on account of racial troubles.

A few days ago a quarrel began over a trivial matter at St. Charles between a white man named Searcy and two negroes named Henry and Walker Griffin.

On Monday last the two negroes met Searcy and his brother in a store in St. Charles and the quarrel was renewed. One of the negroes struck both of the Searcy brothers over the head with a table leg, rendering them unconscious and fracturing their skulls. Deputy Sheriff Kirkpatrick attempted to arrest the negro and was knocked down.

The negroes then gathered and defied the officers, declaring that "no white man could arrest them."

Citizens Were Terrorized.

Their demonstrations aroused the fears of the citizens of St. Charles and they telephoned to this place to come out and protect the town. Deputy Sheriff Douglas went out with five men Wednesday morning. Constable L. C. McNeely went forward with a posse of several men to capture the Griffin negroes. The constable met three negroes—Randall Flood, Will Baldwin and Will Madison, in the road. The negroes attempted to draw their pistols, but the posse fired, killing all three of them.

Thursday sixteen men left this place for the scene of the trouble. Large crowds gathered in from Roe, Elmer and Clarendon. While the sheriff's posse was searching for the Griffin negroes they were fired upon from ambush by a negro named Aaron Sinton. Three of the posse were hit and slightly wounded. The negro was shot dead.

Five other negroes, Jim Smith, Charles Smith, Mack Baldwin, Abe Bailey and Garrett Flood, the negroes that had defied the officers, were arrested and a crowd of men took them away from the guards and shot them to death.

It is reported that the Griffin boys have been captured. If so it probably means that two more negroes will be killed. Everything at St. Charles is quiet, but the town is heavily guarded.

POSTOFFICE BILL PASSED.

Paragraph Affecting Rural Letter Carriers Inserted by House.

Washington, March 26.—The House Friday passed the postoffice appropriation bill after a prolonged debate on the paragraph affecting rural letter carriers, which Thursday was stricken out, but Friday was inserted with enthusiasm under a special order of the committee on rules. Several amendments and a substitute offered to this paragraph were voted down.

Mr. Moon made an unsuccessful attempt to recommit the bill with instructions to strike out the appropriations for special facilities over trunk lines, south of Washington and west of Kansas City.

The bill has been under discussion since March 7. At times members vigorously assailed the postoffice department and General Bristow, and demands were made for an investigation into the entire postal service, but Chairman Overstreet, who has borne the brunt of the attacks, stood as a barrier to such action.

A partial agreement on the army appropriation bill will be reported today by the conference committees.

ON AMENDED SHIPPING BILL.

Congressman Stevens Files a Favorable Report.

Washington, March 26.—Representative Stevens of Minnesota Friday filed the favorable report authorized by the house committee on merchant marine and fisheries on an amended senate bill "to require the employment of vessels of the United States for public purposes." The bill requires all government supplies transported by sea to be carried in vessels either owned by the government or flying the American flag. The report bases the necessity for the bill on the ground that it never is safe to depend upon foreigners for the defense of our own country.

Representative Lucking submitted a minority report.

WISCONSIN WINS THE SUIT.

Circuit Court Decides Insurance Case in Favor of the State.

Madison, Wis., March 26.—Before Judge Dinwiddie in the circuit court Friday the case of the state insurance commissioner against the Equitable Life Insurance society of the United States was decided in favor of the state. The case is the celebrated one in which the state sought to compel the insurance companies to distribute about \$300,000,000 of surplus funds among policyholders in Wisconsin. The case will be appealed. The court held the contention that the statutes became permissive after failure of the commissioner to enforce them is not sufficient.

DAMAGE VERY GREAT

FLOODS IN MICHIGAN CAUSE A PROPERTY LOSS OF OVER A MILLION DOLLARS.

Detroit, March 26.—Conservative estimates of the damage caused by the flooded rivers and creeks of Lower Michigan during the past twenty-four hours place the property loss at more than \$1,000,000. At Lansing alone the figures are placed at \$100,000. Two lives have been lost, those of an unknown Armenian who was standing on a bridge at Lansing when it collapsed and was washed away, and a boy who was drowned in a flooded street at Owosso. Reports from many places tell of a steady downpour of rain, with no sign of a let up.

All trains were abandoned Friday on the Michigan Central railway between Jackson and Saginaw; between Jackson and Niles; between Battle Creek and Wheatfield; between Jackson and Grand Rapids. Officials of the road state that with one or two exceptions there have been no washouts and that traffic will be resumed as soon as the waters subside.

WRITER AND LECTURER.

Dr. Mrs. Buchanan is an authority on the science of medicine and certainly appreciates the great work physicians are doing for the relief of sufferers. But this does not deter her from expressing her views in praise of Wine of Cardui.

Mrs. Buchanan's high intelligence and long and successful experience render her advice of great value. Wine of Cardui regulates menstruation, cures bearing-down pains and relieves suffering women of the pain and misery to which their sex is heir. You have the word of Dr. Buchanan and thousands of other eminent women that Wine of Cardui will completely cure you.

All druggists sell \$1.00 bottles Wine of Cardui.

YALE WINS CHAMPIONSHIP.

Minnesota Men Fail to Get a Place in Gymnastic Contest.

New York, March 26.—Yale won the Intercollegiate gymnastic team championship from teams representing eight other colleges at the gymnasium of the New York university Friday. Columbia would have scored an easy victory had not two of her representatives left the floor during the contest, and both were protested under the rules. The University of Minnesota was represented by a team of five men, but none of them was placed in any event.

Rescued From Indiana Mine.

Brazil, Ind., March 26.—Water broke into the mine of the Excelsior clay works Friday and imprisoned about fifteen men. The fire department was called and all of the men were taken out alive, and only two are ill. The water is still pouring into the mine.
